ABOUT LEXPACTO

LexPacto is not just an organization; it's a community of legal enthusiasts, educators, professionals, and students coming together to share knowledge, develop skills and explore limitless opportunities in the legal field. LexPacto is a dynamic and versatile platform that offers a diverse range of services, catering to both aspiring legal professionals and established practitioners. With LexPacto, you're not just learning about law; you're immersing yourself in a world of possibilities, guided by experts and connected with a like-minded legal community.

ABOUT THE COURSE

The "Certificate Course in Strategic Company Law: Mastering Corporate Governance" by LexPacto is a comprehensive program designed to equip participants with profound insights into the dynamic landscape of corporate governance and company law. Spanning six modules, the course covers crucial aspects such as company incorporation, doctrines under the Companies Act, corporate finance, investor protection, corporate compliance, and regulatory insights. Led by seasoned professionals and experts in the field, the course blends theoretical foundations with practical case studies, ensuring a holistic understanding of legal frameworks, governance structures, and compliance mechanisms essential for navigating the complexities of contemporary corporate environments.

COURSE OBJECTIVES

Upon course completion, it aims to empower participants with a robust understanding of key principles in company law and corporate governance.

Over six modules, the course objectives include :

- Unraveling the evolution of company law
- Elucidating company incorporation procedures
- Exploring doctrines under the Companies Act
- Delving into corporate finance
- Emphasizing investor protection mechanisms
- Dissecting corporate compliance and liability frameworks
- Comprehending corporate transformation and winding-up processes

With an emphasis on practical application through case studies, the course intends to equip participants with the knowledge and skills necessary for strategic decision-making, legal compliance, and effective corporate governance in today's dynamic business environment.

COURSE OUTLINE

- Company Law : Evolution, Incorporation, & Key Doctrines
- Corporate Governance: Navigating Management & Control of Companies
- Capital Chronicles: Unveiling Corporate Finance & Safeguarding Investors
- Understanding Liability, Scrutiny, & Investigation
- Corporate Evolution : From Restructuring to Winding up
- Corporate Compliance: MCA Forms, Producer Company, CSR, E-Governance, & Regulatory Insights

MODULES

✓ Company Law Fundamentals

Grasp the historical development, nature, and forms of business entities, distinguishing between provisions in the 1956 and 2013 Acts.

✓ Company Incorporation

Explore types of companies, roles and responsibilities of promoters, and procedural aspects of company formation, including **Memorandum of Association (MOA)** and **Articles of Association (AOA)**.

✓ Doctrines under Companies Act

Understand doctrines such as **ultra vires**, **Turquand Rule**, and **Constructive Notice** through landmark case studies.

✓ Corporate Governance

Navigate roles, powers, and liabilities of directors, shareholder meetings, and corporate governance principles for organizational integrity.

✓ Corporate Finance

Gain insights into equity and debt capital, capital market dynamics, and the process of raising capital.

Investor Protection ✓

Explore regulations related to stock exchanges, SEBI, and investor protection mechanisms in the digital era.

Corporate Compliance ✓

Understand corporate liability, scrutiny, and investigation processes, including insights into corporate frauds.

Corporate Transformation and Winding Up ✓

Learn about corporate restructuring, mergers, acquisitions, winding up procedures, and the Insolvency and Bankruptcy Code, 2016.

Regulatory Insights ✓

Explore **MCA forms**, **CSR under the Companies Act**, e-governance initiatives, listing regulations, IPO requirements, and other regulatory mechanisms.
