

UNUM LAW

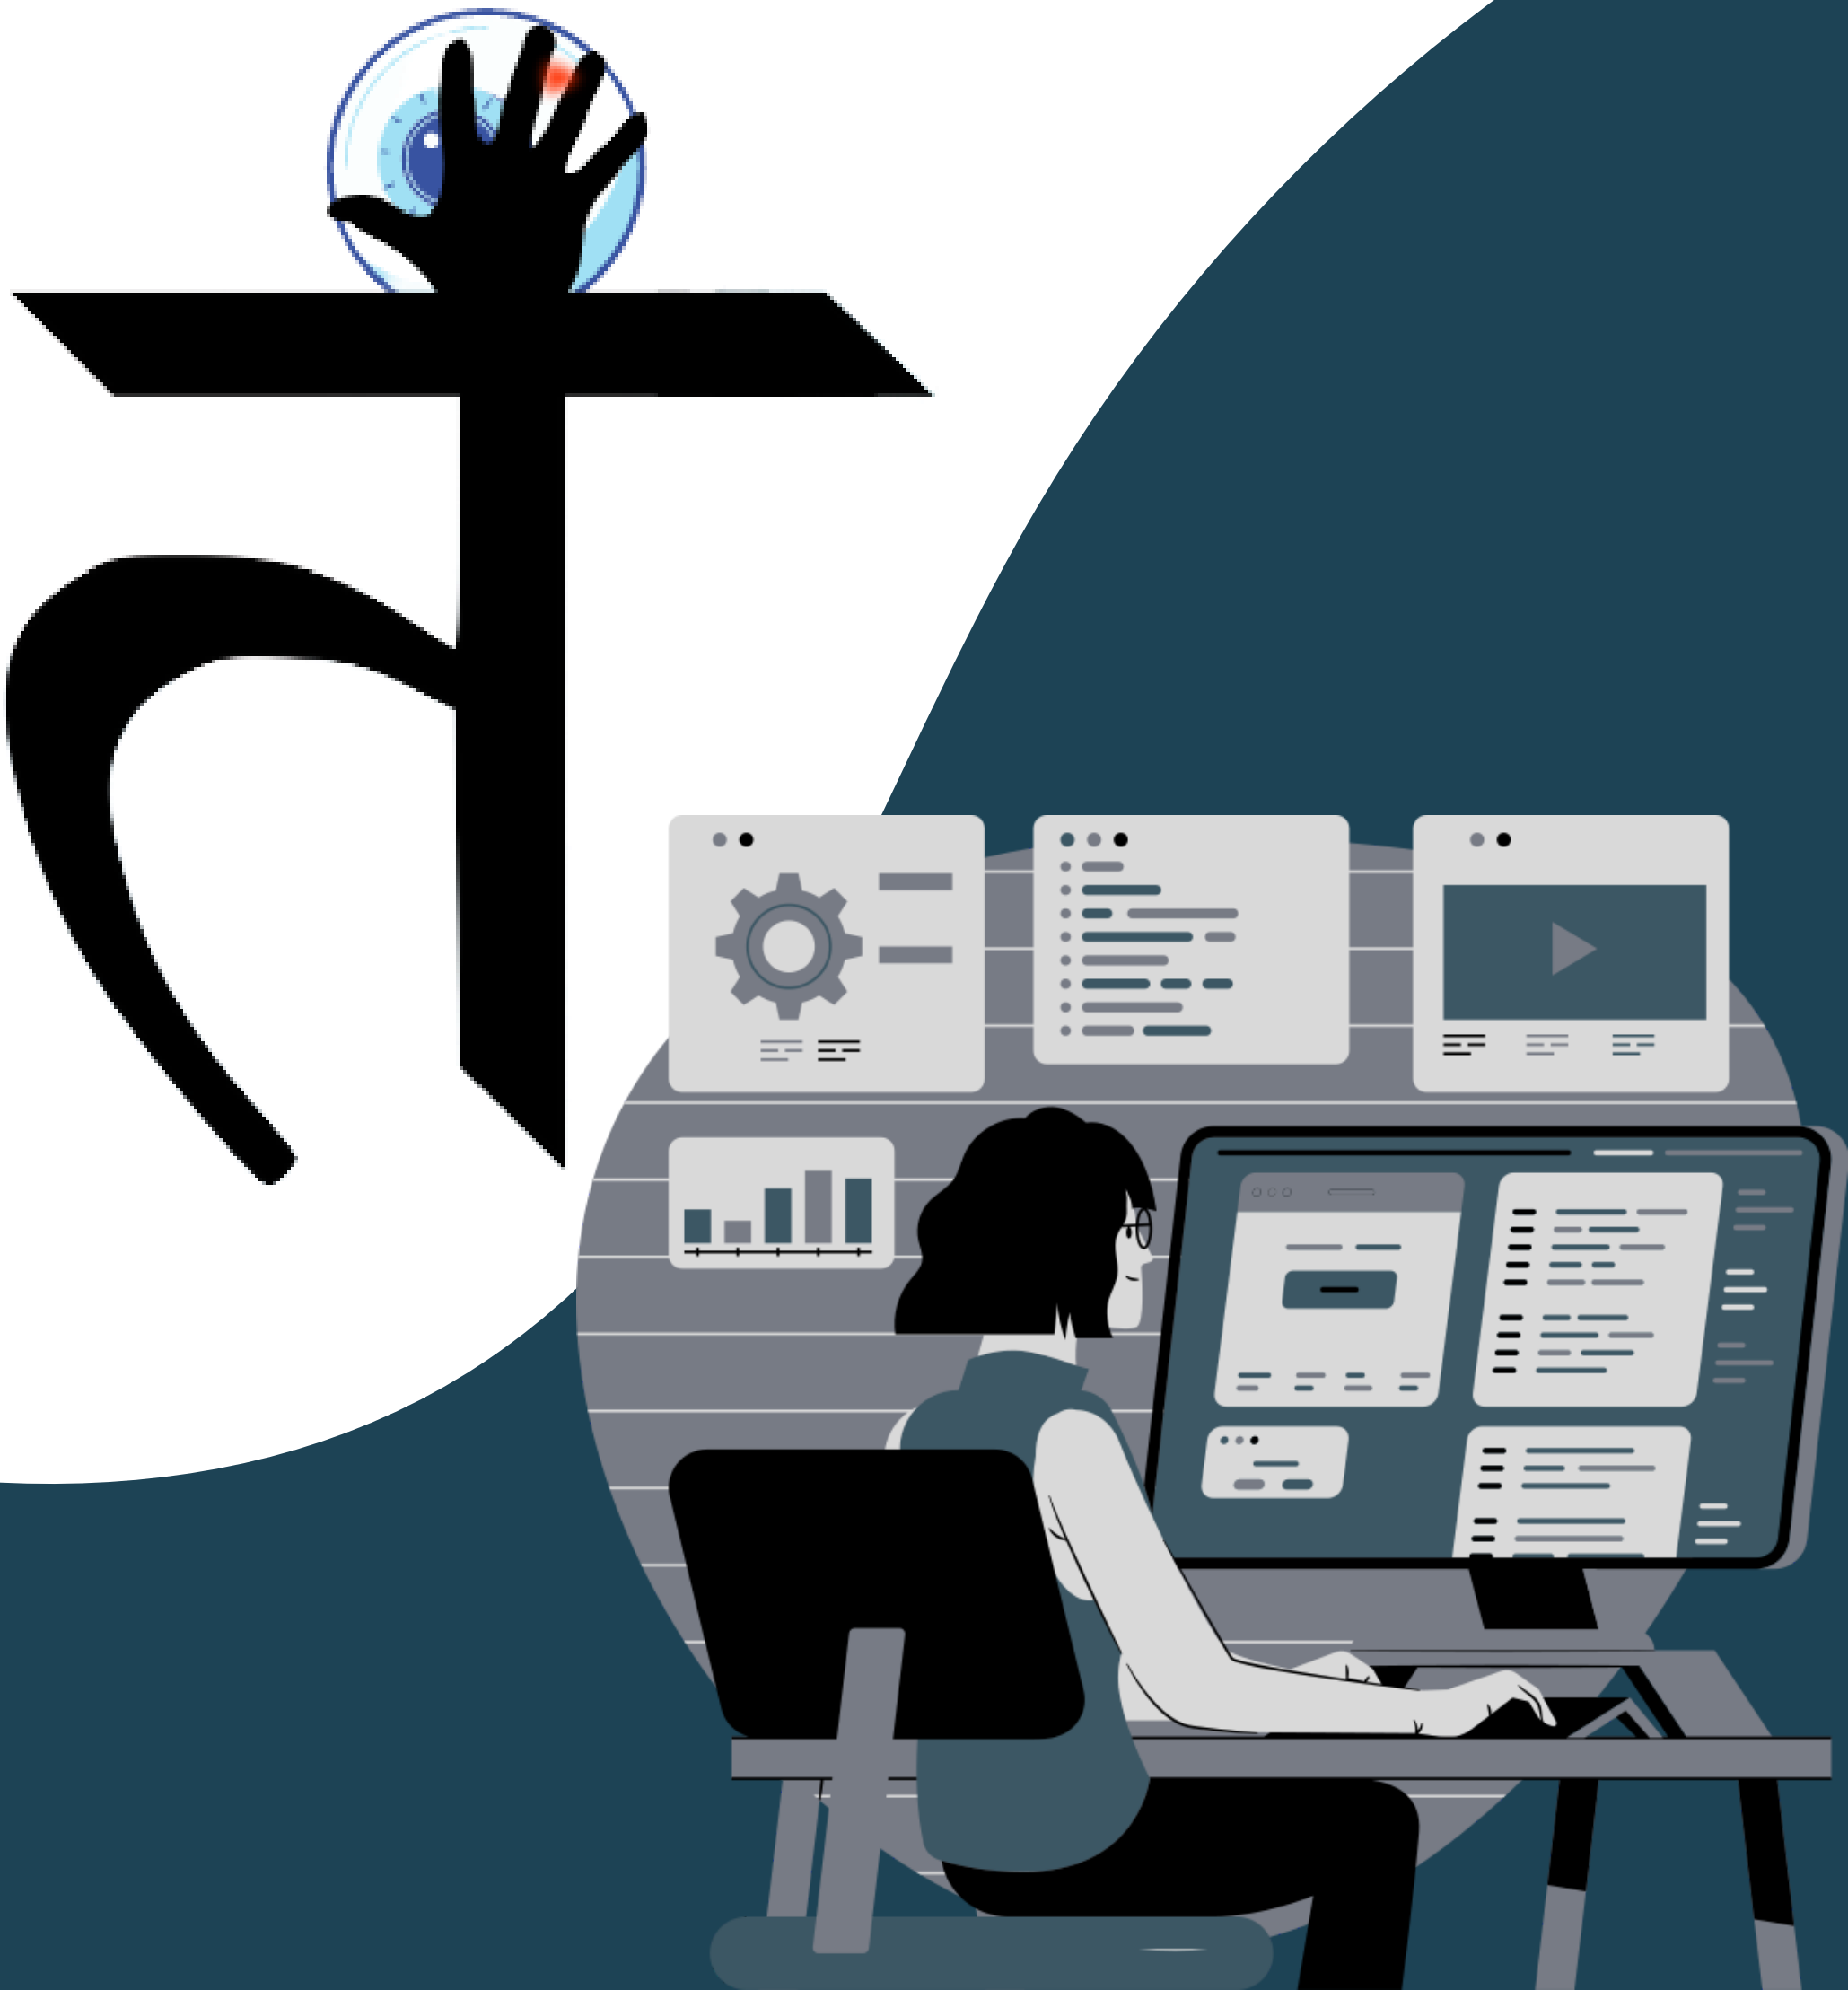

CYBERLAWS ESSAY WRITING

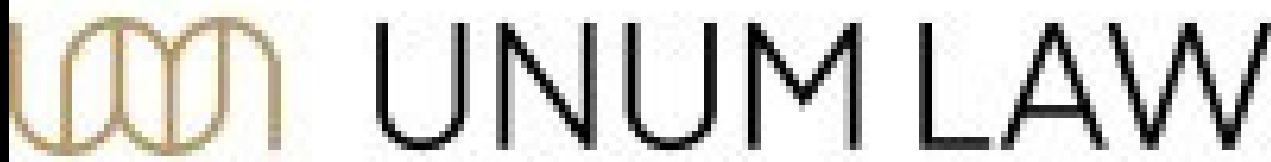

COMPETITION

ABOUT TASVEER

Tasveer is a research-oriented organisation that deals mainly with the intricacies of cyber law and its integration with cybercrime, human rights, policy developments and so on. Over the course of a year, Tasveer has already made its mark on the cyber law society, engaging in collaborations and interviews with various important names within the cyber law fraternity such as Dr Pattathil Dhanya Menon, an eminent cybercrime investigator, Mr Gaurav Gupta, Additional Director, Ministry of Electronics and Information Technology, etc.

ABOUT THE PARTNER

Unum Law is a specialised dispute resolution law firm. Inspired by the practice ethos of acclaimed international law firms, the ideology of the Firm is premised on bringing the best substantive outcome for its clients while eliminating cost inefficiencies. Unum Law seeks to position itself as first of its kind in the Indian law firm space – providing top quality work through dedicated teams, on a mandate-to-mandate basis.

ABOUT 1ST TASVEER ESSAY WRITING COMPETITION

The 1st Tasveer essay writing competition invites participation from students in Law schools around India. Tasveer aims to generate interest towards cyberlaws in their initial years pursuing law. Keeping in mind, the competition is open for 1st to 3rd Year. The competition is geared to develop the interests of young minds in the legal field towards Cyber laws.

ABOUT THE THEME

Data as an asset and liability

Data is an invaluable asset and has also become a target of crimes with data breaches and hacking becoming commonplace threatening data privacy. The European Union has the GDPR in place to deal with data protection. In a similar line, India has enacted the Digital Personal Data Protection Act, 2023 which creates the data protection framework.

Contours of Data Privacy

The consideration of data as a resource makes it pertinent to discuss privacy and protection of such data through ethical and legal means. The connection between global south and data can be explored under the theme.

Effects of data breaches on marginalised groups

Cyberattacks and data breaches affect everybody, however, the impact is higher on the margins of society. A special emphasis towards the effects of cybercrimes and data breaches on marginalised groups including women, Disabled, elderly, indigenous communities etc.
